Hi Tom:

I want to know if I can get your help. I am discussing a paper next week at the National Bureau of Economic Research. In order to do a good discussion, I would like to bring to bear some of our personnel data. This will likely come from the Buzzfeed Data. In particular, I am interested in knowing the following for FULL TIME, NONSEASONAL:

1. For the samples below, can you tell me top fifteen occupations with numbers and percentage of total personnel (by year)?
2. For the samples below, can you tell me 25th percentile, 50th percentile, and 75th percentile age
3. For the samples below, can you tell me the education level distribution, by year
4. For the samples below, can you tell me the GS grade level distribution, by year.

Sample 1: 2011-2016: Consumer Financial Protection Bureau (CFPB)

Sample 2: 2011-2016: Consumer Product Safety Commission (CPSC)

Sample 3: 2011-2016: Commodities and Futures Trading Commission (CFTC)

Sample 4: 2011-2016: Securities and Exchange Commission (SEC)

Sample 5: 1974-1980: CPSC

Sample 6: 1974-1980: CFTC

We can discuss further tomorrow.

Thanks

John

Data source: Buzzfeed (2017 version)

Note that records exist for agency AG04 (Commodity Exchange Authority) in years 1974-1978 and for CT00 (Commodity Futures Trading Commission) in years 1979-1980. These were combined and used for the CFTC observations.

Note the following OPM Agency IDs:

Table 1: OPM Agency IDs

Agency	OPM ID
Consumer Financial Protection Bureau (CFPB)	FRFT
Consumer Product Safety Commission (CPSC)	SK00
Commodities and Futures Trading Commission (CFTC)	CT00 (1979-1980); AG04 (1974-1978)
Securities and Exchange Commission (SEC)	SE00
